

TILT-UP TODAY

A print and online publication of the Tilt-Up Concrete Association

2012 MEDIA KIT

...your invitation to advertise in the coming four issues of 2012

TILT-UP TODAY, a publication of the Tilt-Up Concrete Association, is THE source for Tilt-Up industry news, market intelligence, business strategies, technical solutions, product information, and other resources for professionals in the Tilt-Up industry. Quarterly subscriptions to **TILT-UP TODAY** are included with TCA membership and many companies receive multiple copies. Subscriptions for potential TCA members are available.

In addition to being distributed widely to professionals in the Tilt-Up industry, the magazine is distributed at no cost during key industry events including World of Concrete, the TCA Annual Convention, and any other show or event the TCA is exhibiting.

TILT-UP TODAY ONLINE

This year, **TILT-UP TODAY** turned a new page with a surging new online presence. The new online magazine site has been issued to dramatically increase readership.

The new interactive site will be tremendously useful to visitors and provide content more flexible and accessible than the former pdf host site for our ezine product. Our goal is to get your company in front of the global Tilt-Up industry with this site. Just a few of the benefits of the new site include, better social media integration allowing us and our readers to share individual articles, added ad exposure as your ad is viewable from every page instead of just one, dynamic content that is up to date and relevant, not to mention a very slick user-friendly interface.

If you manufacture or market a product or service for the Tilt-Up industry, you simply will not find a more efficient, effective way to reach your audience than advertising in TILT-UP TODAY magazine.

All of our advertisers for 2012 will receive a FREE web ad on this new site! The ad will be displayed on the sidebar of the home page and every article (past and current)!! Full page advertisers will receive a 250px x 250px web ad, half page advertisers receive a 250px x 125px web ad. 1/4 page advertisers will receive a text ad, 15 words of text and a 5 word Headline. Ads will be online through the entire duration of the issue and will be linked to a target specified by the advertiser.
