

TILT-UP CONCRETE ASSOCIATION
COLLEGE OF FELLOWS
1986 • 2016

PROGRAM

The Tilt-Up Concrete Association (TCA) College of Fellows, established in 2016, honors the rich tradition of service to the Association on behalf of the industry. The College of Fellows cultivates awareness for the community of professionals dedicated to the mission of the Association, and elevates the service of its members to the entire industry. Fellows establish this service through their organization's commitment to membership and participation and are elected to fellowship by a jury of their peers.

Fellowship is one of the highest honors the TCA can bestow upon an individual. Elevation to Fellowship not only recognizes professional achievement but also significant contributions to the industry and the Association.
